

# UNDERSEA AND HYPERBARIC MEDICINE

The Journal of the Undersea & Hyperbaric Medical Society Inc.

CONTENTS • VOLUME 48 • NUMBER 1 • FIRST QUARTER 2021

## CLINICAL RESEARCH

- Physiologic and biochemical rationale for treating COVID-19 patients with hyperbaric oxygen**  
 John J. Feldmeier, John P. Kirby, Jay C. Buckey, et al. . . . . 1
- Advances in the treatment of neuropathic pain with hyperbaric oxygen**  
 Yan-Yan Zhou, Rong-Rong Ren, Yi Cen, et al. . . . . 13
- The effect of the perfluorocarbon emulsion Oxycyte™ in an ovine model of severe decompression illness**  
 William A. Cronin, Kiel Khan, Aaron A. Hall, et al. . . . . 25
- Non-invasive monitoring of carboxyhemoglobin during hyperbaric oxygen therapy**  
 Daniel Bidstrup, Frederikke Ravn, Isabel Guida Smidt-Nielsen, et al. . . . . 33
- Seizure during hyperbaric oxygen therapy: experience at a single academic hospital in Korea**  
 Chan Hee Lee, Jin Geul Choi, Je Seop Lee, et al. . . . . 43
- Hyperbaric oxygen therapy for hypoxic-ischemic encephalopathy in non-fatal drowning**  
 Andreia Fiúza Ribeiro, Joana Gomes Vieira, Marta Moniz, et al. . . . . 53

## DIVE RESEARCH

- Ultrasound in decompression research: fundamentals, considerations, and future technologies**  
 David Q. Le, Paul A. Dayton, Frauke Tillmans, et al. . . . . 59
- A fully automated method for late ventricular diastole frame selection in post-dive echocardiography without ECG gating**  
 Eric Markley, David Q. Le, Peter Germonpré, et al. . . . . 73
- Breathing through a diving snorkel; theory and experiment of air flow resistance and cost of breathing**  
 N.A.M. Schellart . . . . . 81
- Preventing carbon monoxide poisoning in the Hudson River Tunnel in 1921: recounting history**  
 Neil B. Hampson . . . . . 89

## INDICATIONS: (from *Hyperbaric Oxygen Therapy Indications, 14th edition*)

- Hyperbaric oxygen for intracranial abscess**  
 Edward O. Tomoye, Richard E. Moon . . . . . 97

## LETTERS

- HBO<sub>2</sub> combined with steroid therapy for sudden sensorineural hearing loss within two weeks**  
 Hui-jun Hu, Wei Zhang, Dan-feng Fan . . . . . 103
