

Undersea and Hyperbaric Medicine
The Journal of the Undersea & Hyperbaric Medical society inc.
UHM 2016, Vol. 43, No. 2 – TABLE OF CONTENTS

The evolution of scuba divers pulmonary edema: an editorial perspective C Sadler	79
The evolution of scuba divers pulmonary edema C Edmonds	83
Brief communication: Self-reported health and activity habits and attitudes in saturation divers E Dolan, S Deb, G Stephen, P Swinton	93
Echocardiographic evaluation of intracardiac venous gas emboli following in-water recompression J Dituri, R Sadler, F Siddiqi, et al.	103
The safety of hyperbaric oxygen treatment – retrospective analysis in 2,334 patients A Hadanny, O Meir, Y Bechor, et al.	113
Changes in vasomotion – effect of hyperbaric oxygen in patients with diabetes Type 2 D Balaz, A Komornikova, P Sabaka , et al.	123
The facilitatory effects of hyperbaric oxygen treatment on membrane bone wound healing in a rat calvarial defect model K Hayashi, T Takahashi, M Ikegawa, et al.	135
The effect of environmental pressure and resin cements on the push-out bond strength of a quartz fiber post to teeth root canals F Geramipannah, L Sadighpour, R Assadollahi	143
CASE REPORTS	
Hyperbaric oxygen therapy in sudden sensorineural hearing loss following spinal anesthesia: case reports SN Carneiro, DV Guerreiro, AM Cunha, et al.	153
Complete recovery following hyperbaric oxygen therapy in idiopathic sudden sensorineural hearing loss – a report of two cases S Agrawal, N Sharma	161
Bilateral non-arteritic ischemic optic neuropathy treated with HBO2 therapy – A case report of angiographic and electrodiagnostic findings F Di Censo, M Di Censo, G Colasante, et al.	167
Ischemic colitis associated with acute carbon monoxide poisoning – a case report LK. Weaver, K Deru	175
